Sir:

Prior to examination, please further amend the above-identified application as follows:

IN THE CLAIMS

Please ADD the following new claims:

Bf Cont
-- 18. A method of receiving a message on a digital control channel for use in a cellular messaging network, comprising the steps of:

- (A) receiving voice channel assignment signals related to the assignment of voice channels and short messaging signals based on the message from the digital control channel;
- (B) distinguishing between the voice channel assignment signals and the short
